International Adoptions

At Raptim Travel we are sensitive to the needs of Adoptive Parents. Our specialists work with organizations all over the world. Here are just a few examples of how Raptim Travel can help your organization!

- Adoptions can be costly, it is nice to save on the airfare
- Sensitivity to routings – we understand a 6 – 10 hour layover with an infant is difficult
- Seating – during this time it is incredibly important to have your seats together
- Additional Luggage – with certain carriers we are allowed 3 pieces of luggage at 50lbs each (restrictions apply)
- Many of our tickets we are able to book without a deposit and ticket 30 days prior to departure

Let our experts assist you and your clients during this very exciting time in their lives!

Please contact Rhonda Smith for more information.
